Astro 25 week 10b: Useful readings/resources

Wikipedia readings (don’t delve too deeply)

Dark matter

Dark matter galaxy or tidal disruption?
http://en.wikipedia.org/wiki/VIRGOHI21

Train Wreck Cluster

Highly advanced topics (follow these if your interest takes you here)

Axions
http://en.wikipedia.org/wiki/Axions

Dark Fluid

Quantum gravity, as a replacement for dark matter
http://en.wikipedia.org/wiki/Quantum_gravity

Modified gravity

Original paper
Rubin & Ford (1970), Andromeda rotation curves (see the Astro 25 reading room)
